

[COVER LETTER] Dear Hiring Manager, I am writing to express my interest in the Software Engineering position at Snap Inc. I believe my skills, knowledge and experience would be an asset to your company. I am a Software Engineer with three years of experience in the development of software applications and systems. I have recently graduated from Bobir Akilkhanov Academy with a specialization in Artificial Intelligence and Machine Learning. Additionally, I have a Bachelor's degree from the 'ew Uzbekistan University in Software Engineering. I have also earned an IELTS score of 6 and I have conducted research on Machine Learning at the 'ew Uzbekistan University. I have extensive experience with software engineering languages such as C++, Java, Python and ReactJS. I also have experience with frameworks such as Django REST Framework and have used development environments such as FL Studio and Ableton Live. My previous projects have included developing web applications and mobile applications, as well as designing and implementing databases. I am passionate about using my knowledge and experience to create innovative solutions that can improve the way people live and communicate. I strongly believe in the mission of Snap Inc. and I am confident that I can contribute to the success of your company. I would love to discuss my qualifications in further detail and I look forward to hearing from you. Thank you for your time and consideration. Sincerely, Ibrahim Abdivokhidov
